

WHAT IS IT LIKE BEING AN IO INTERN?

FAKULTA SOCIÁLNÍCH VĚD UK

Hi! I am Nevena, I am an intern in the International Office of Faculty of Social Sciences Charles University. I want to show you what my day looks like as an intern in IO. :)

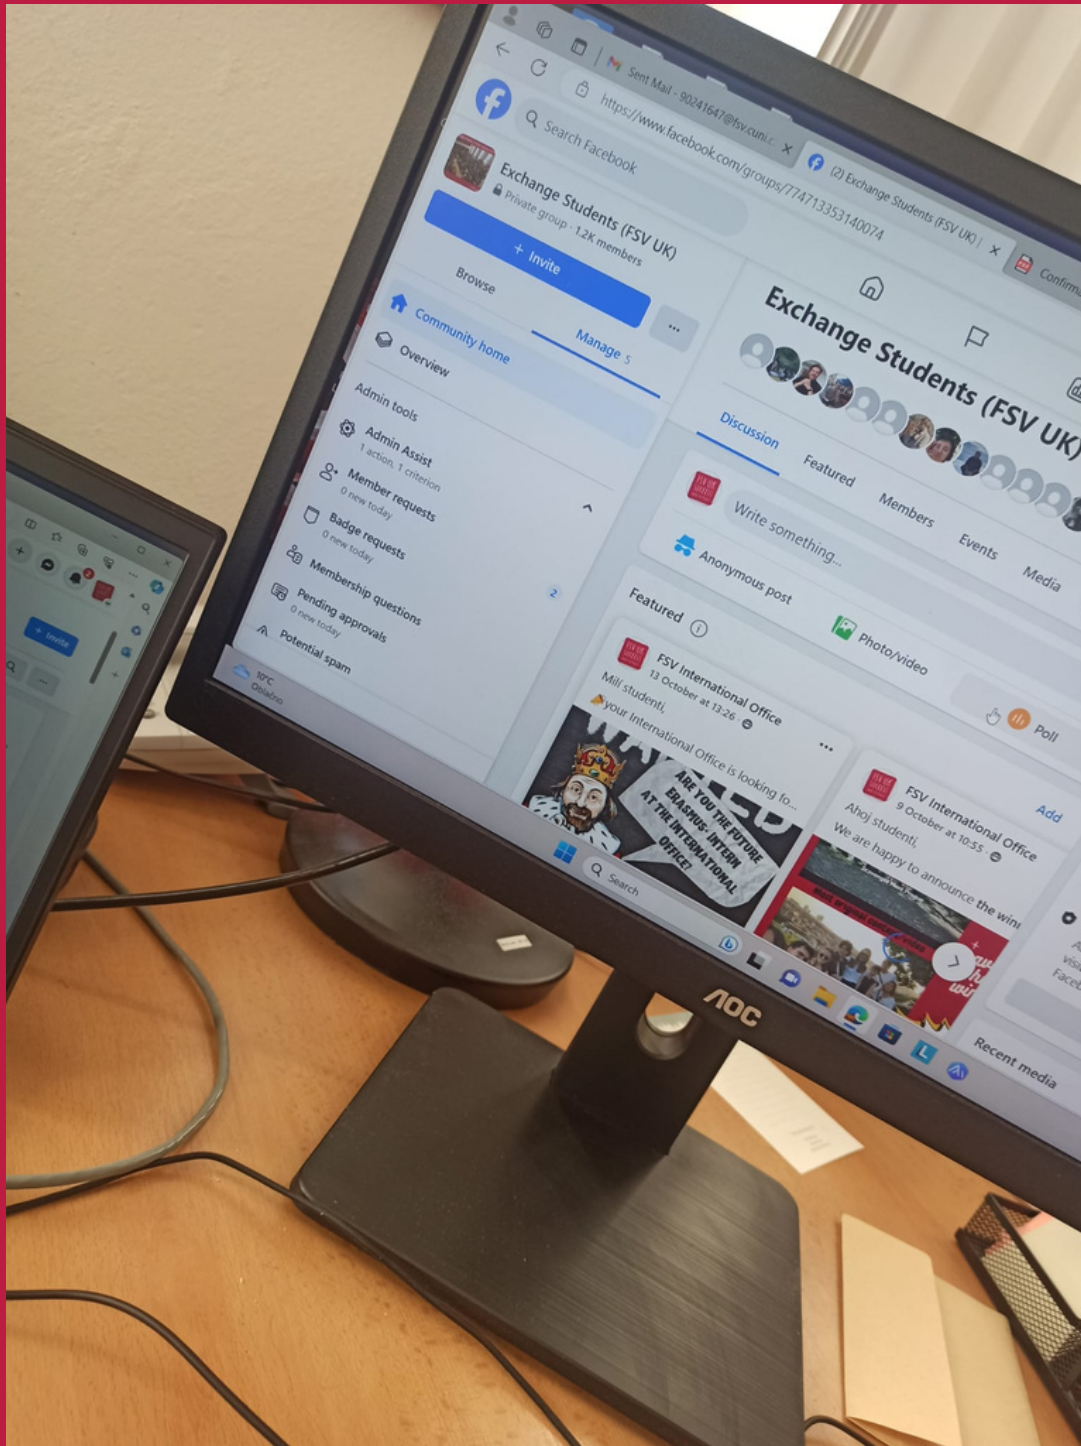

**Around 8.20AM leaving
the dorm. I catch a
tram and head to the
office**

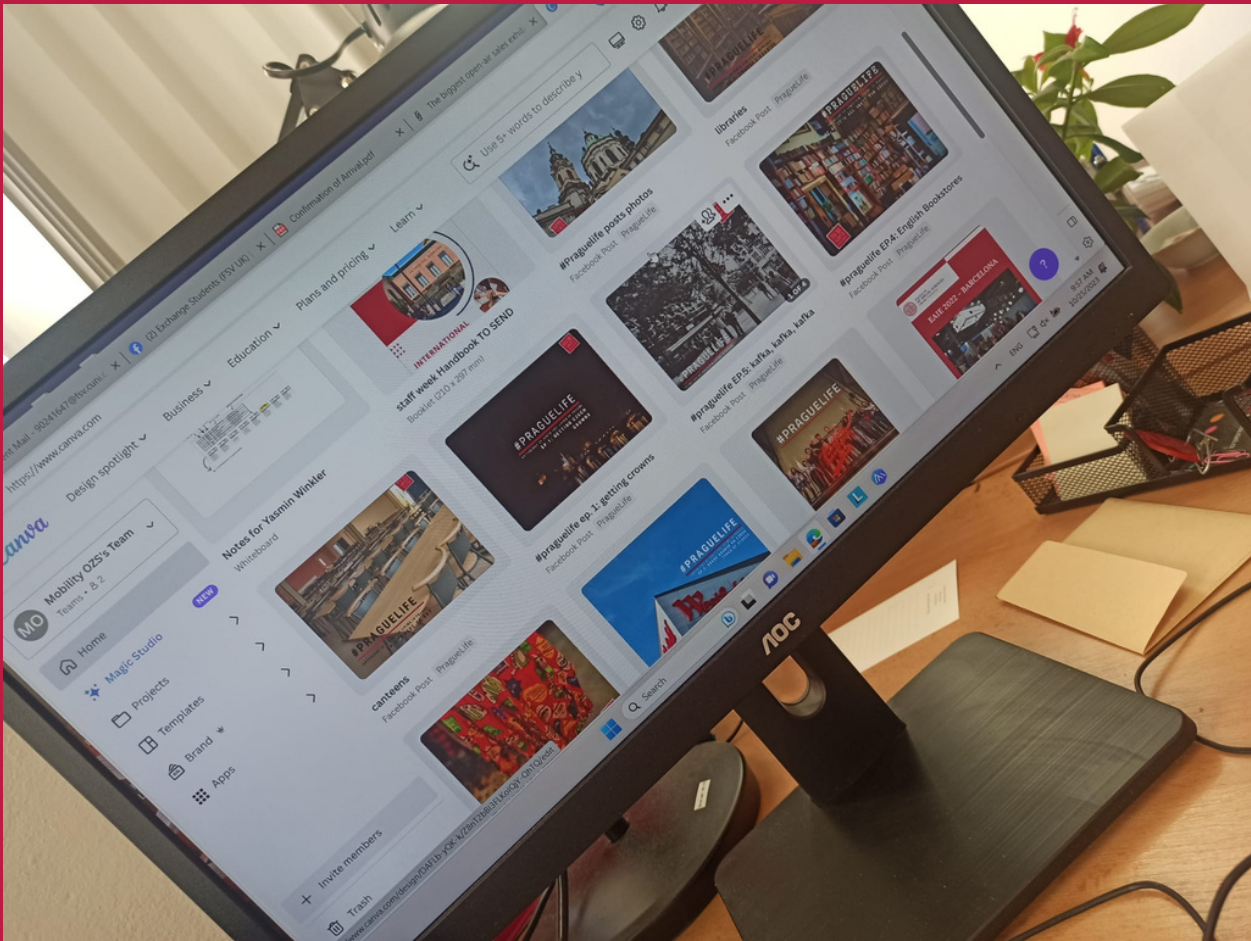

**Arriving to the
Hollar building
around 9AM**

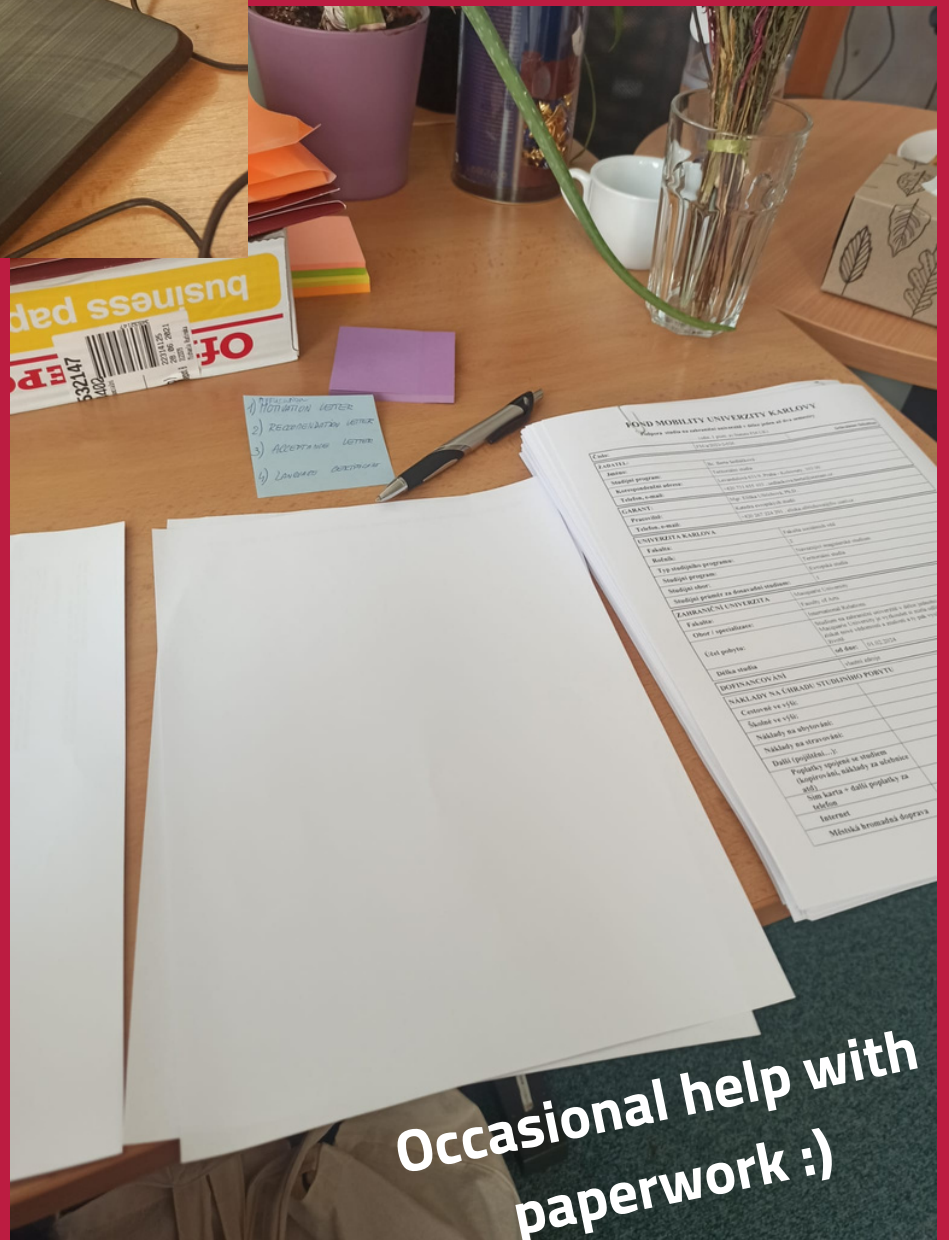

Office view :)

Mostly I work on the facebook group of exchange students, creating posts about academic news for students, but also some events coming up in Prague. I also manage the Whatsapp group for more casual conversations and planning hangouts with students

**Creating posts
in Canva**

**Occasional help with
paperwork :)**

I take a lunch break around 12. I usually go to the canteen very near the Hollar building called Arnost of Pardubice, which had yummy and affordable meals

Orientation day

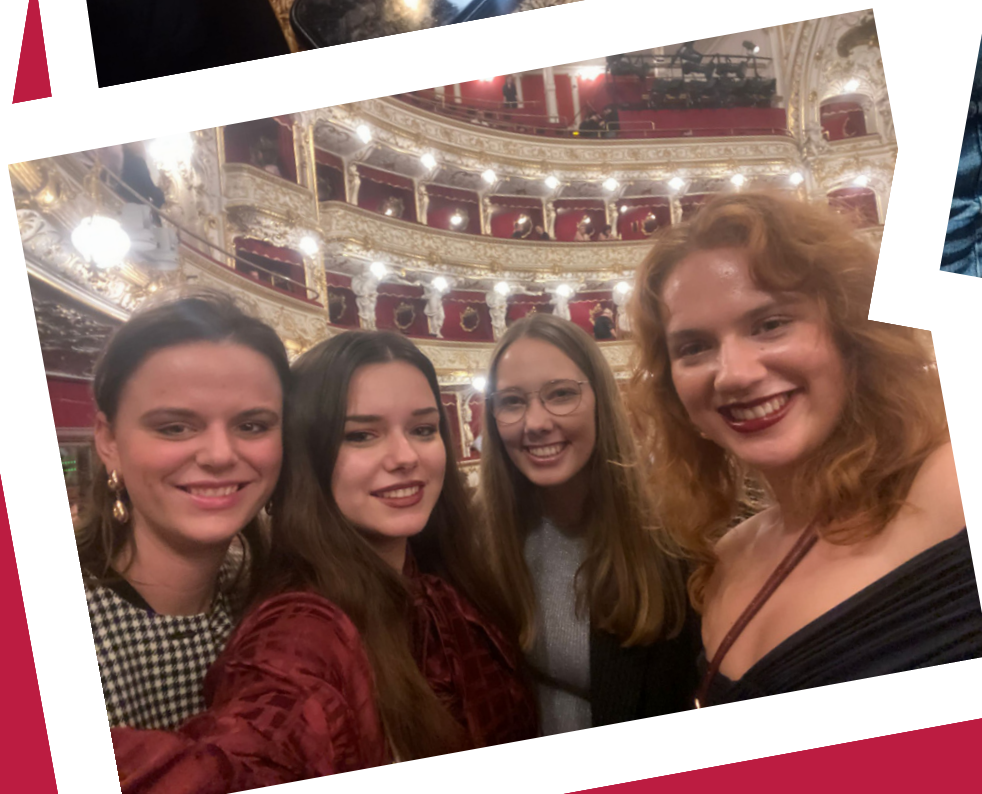

Helping the IO with the preparations for important events :)

Erasmus days

And then my work day usually ends around 2PM

And, the best part outside of the work hours, hanging out with the lovely exchange students and organizing interesting events for them :)

**Are you the next
intern in the
International Office?**
