

## Join the 4EU+ Votes Europe initiative: We are looking for a student coordinator and active participants!

The 4EU+ Local Office at CU is seeking enthusiastic students eager to actively shape the future of Europe and participate in the campaign that the 4EU+ Alliance is planning for the upcoming European elections. The main goal of the initiative is to raise awareness of these elections among young voters and to highlight the importance of active citizenship in the European context. The campaign will also highlight the key role of universities and the importance of international cooperation, for example through European University Alliances, in the democratic process. The initiative will include activities such as a social media campaign, student competitions, and other online and in-person events.

The 4EU+ Alliance is a partnership of eight leading European universities working together to create a shared academic environment and focus on strengthening European education and research. The main goals of the Alliance include supporting academic excellence and strengthening European identity with an emphasis on democracy, freedom, and interdisciplinary cooperation.

### 1) Student Campaign Coordinator

Your involvement in the project is planned from December to June. Your main task will be to coordinate activities and an international team across the 4EU+ universities, develop a content concept of the campaign and ensure its implementation. We are looking for a communicative student interested in European politics and the future of Europe. Fluency in English is essential. Knowledge of marketing strategies and principles is an advantage.

What's in it for you? First of all, a unique opportunity to actively participate in a strategically significant international university project. But you won't be doing it for free. We estimate that you will work 20-30 hours per month on the project, so you will also be paid via a stipend or a DPP.

### 2) Campaign participants

As a campaign participant, you will have the opportunity to implement your ideas and actively shape the future Europe. You will contribute to the content of the campaign, apply your knowledge of English, and gain valuable experience in implementing a project in an international team of young people. Although the involvement is primarily conceived as voluntary, we will try to provide support in the form of scholarships for active students.

#### How to apply?

If you are interested in any of these roles, please fill out the [online form](#) by **12 November**. Kindly let us know if you are interested in attending the Wine & Cheese kick-off meeting, which we are planning for the evening of 15 November.

If you have any questions, don't hesitate to contact us at [4euplus@cuni.cz](mailto:4euplus@cuni.cz).

**Your Future, Your  
Europe!**  
**Shape it actively  
with **4eu+** !**
