ERASMUS+ 2024/25

Erasmus+ bilateral agreements of the particular institutes and the International Office (the OZS) will be published in the online application at <https://is.cuni.cz/webapps/?lang=en> The application will open on **8th February 2024** and students can submit their applications **by the 22nd February 2024, 4 p.m.**

1. FSV UK has been assigned financial means for scholarships. The amount of scholarship varies - there are two categories of countries and the amount of scholarship depends on the cost of living in the specific countries.
2. Admission proceedings are held at the institutes (or at the OZS) reflecting two primary criteria
– **the quality of a student** (students are admitted based on the combination of their study achievements, language knowledge, and academic motivation) and **suitability of the partner university**.
3. The study exchange of students is only guaranteed once partner universities have confirmed the nominations. Students are obliged to become familiar with the requirements of partner universities (language and its required level, an average of study results, fees, etc.).
4. Each applicant is obliged to **open an application form in the online application WebApps**. The log-in passwords for the system are identical to those used for the SIS. Students may submit **up to 3 application forms**.
5. Exchanges are available to **all the regular students at Charles University**, regardless of their citizenship.
6. Within the Erasmus+ programme, the students may undertake a study abroad stay **at any level of their university studies** (Bachelor's, Master's, Ph.D.). The total length of a study stay for each level of study amounts to 12 months at the maximum.
7. For administrative reasons, the students who **interrupted their studies in the summer semester of 2023/2024** are allowed to **travel in the summer semester of 2024/2025**.
8. Part-time students hold the same conditions as regular full-time students.
9. The students enrolled in their **last year of bachelor's studies** who will travel abroad during the 1st year of the continuing master's degree select from the offers of universities designated for master's students or with no distinction (i.e., offers for bachelor's as well as master's students).
10. The Erasmus+ mobility participant must have an "active student status" throughout their whole stay and fulfil the obligations arising from this.
