**ERASMUS+ 2022/23**

Erasmus+ bilateral agreements of the particular institutes and the International Office (the OZS) will be published in the online application at <https://is.cuni.cz/webapps> from 15 till 28 February 2022.

1. FSV UK has been assigned financial means for scholarships. The amount of scholarship varies depending on the living costs of countries.
2. Admission proceedings are held at the institutes (or at the OZS) reflecting two basic criteria - **quality of a student** (students are admitted based on the combination of their study achievements, language knowledge and academic motivation) and **suitability of the partner university**.
3. **The study exchange of students is not guaranteed until the nominations have been confirmed by partner universities. Students are obliged to become familiar with the requirements of partner universities (required language level, average of study results, fees etc.)**
4. Each applicant is obliged to **open an application form in the online application**. The log-in passwords for the system are identical with those used for the SIS. Students may submit **up to 3 application forms**.
5. Exchanges are available to **all the regular students at Charles University** regardless of their citizenships.
6. Within Erasmus+ programme the students may undertake a study abroad stay at **any level of their university studies** (Bachelor's, Master's, PhD). The total length of a study stay for each level of studies amounts to 12 months at the maximum.
7. For administrative reasons, the students who **interrupted their studies in the summer semester of 2021/2022** are allowed to **travel in the summer semester of 2022/2023**.
8. Part-time students hold the same conditions as regular full-time students.
9. The students enrolled in their **last year of bachelor's studies** who will travel for the study abroad in the course of the 1st year of the continuing master's degree, select from the offers of universities designated for master's students or with no distinction (i.e. offers for bachelor's as well as master's students).
