

# PRINCEPS

## **Call for applications**

*External*

### **Contractor: Risk Analyst**

**Role:**

Risk Analyst

**Area of focus:**

Open-Source (OS) investigations and analysis, contributing to two of PRINCEPS's main practices: (1) Information Security; (2) Competitive Intelligence.

**Job Description:**

The successful Risk Analyst (RA) will be able to find and critically analyze information relevant for our clients' assets, influence, and reputation. The RA will conduct thorough online investigations, independently and in team, reporting directly to the respective heads of Information Security and Competitive intelligence practices. The RA will regularly write written reports, transforming vast volumes of data and evidence into an elucidating and compelling narrative. The RA is expected to work remotely, however, for many projects, the RA will be asked to travel and work on-site.

**Expected skills:**

First, the successful candidate will be exceptionally skillful in OS research, including collecting intelligence from the social media. Second, the RA will have outstanding analytical skills to make sense of a large volume of data. Third, the RA must possess highly developed policy writing skills. Additionally, strong communication skills and knowledge of foreign languages will be highly advantageous.

**Type:**

Free-lance

**Location:**

Flexible

**Compensation:**

Highly competitive, project-based

**Starting date:**

June 2021

# PRINCEPS

## **About PRINCEPS Advisory:**

PRINCEPS Advisory is a boutique business intelligence and political risk firm based in Prague with operations across Europe. It offers uniquely personalized services to clients in the highest echelons of both the public and the private respective spheres. PRINCEPS's main services cover five domains: (1) Due Diligence; (2) Information Security; (3) Competitive Intelligence; (4) Advocacy and Coalition Building; (5) Reputation Management. Working shoulder to shoulder with clients, on-site and behind-the-scenes, PRINCEPS unites the what, the how, and the who, to support its clients' assets, influence, and reputation.
