GRADING SYSTEM AT FSV UK

Due to modifications of the internal regulations the Faculty of Social Sciences has changed the system of classification from 1-4 grading scale to internationally recognized A-F grading system, often referred to as ECTS grading. For easier understanding we offer an explanation of the individual grades:

- A/B – Excellent - excellent performance
- C/D – Very Good - above the average standard with some errors
- E – Good - generally sound work with a number of notable errors
- F – Fail - unsatisfactory performance
- Z – Pass/Credit - where a course is completed by a study requirement other than examination, it is not graded, but is recorded as “Zápočet (Z).” This is in effect a Pass in a two-tier Pass/Fail grading system.

The recommendation for using the A-F classification is as follows: To evaluate the student's performance in percentage (0-100 %) and providing the evaluation accordingly:

- 100-91% = A
- 90-81% = B
- 71-80 % = C
- 61-70 % = D
- 51-60 % = E
- 50-0% = F

We hope that you will accept this change positively because of its undeniable advantages:

1. Simplified recognition of courses studied abroad (most European universities use the conversion scale A-F, the conversion from 1-4 grading scale was not quite accurate).
2. Refinement of the grading scale (6-degree scale gives the teacher the opportunity to more distinguish student performance than with the 4-degree scale).
3. Intelligibility for incoming/exchange students or international students studying at FSV UK (percentage or A-F grade scale is the most widespread).

In case you have courses at other faculties, here is a transition table from 1-4 Grades to ECTS Grades.
