## Call for applications

### *Internal*

## Internship: Intelligence Specialist

### **Role:**

Intelligence Specialist, *Intern*

### **Area of focus:**

Open-Source (OS) analysis and intelligence assessment, contributing to PRINCEPS's main practices: (1) Due Diligence; (2) Information Security; (3) Competitive Intelligence; (4) Advocacy and Coalition Building.

### **Job Description:**

The successful Intelligence Specialist (IS) will be able to handle a wide variety of analytical tasks at the intersection of business and politics. These tasks will range from OS intelligence collection to data assessment, to policy writing, and business development support. The IS also expected to participate at client meetings and travel internationally for projects.

Each IS will be assigned tasks according to their specific focus to assure a synergy between PRINCEPS's projects and the IS's career plans. The IS will report directly to the head(s) of practice(s) they will cover.

### **Required Skills:**

Czech and English at C1+ level

Thorough research and analytical skills

Excellent writing skills

Exceptional time-management skills

### **Expected skills:**

The successful candidates will have exceptional research and analytical skills. Further, they will be passionate writers and clear communicators, preferably in multiple languages.

### **Type:**

Paid full-time internship (up to 20 hrs/week); alternative arrangements can be explored with successful candidates.

# PRINCEPS

**Location:**

Prague, Czech Republic

**Dates:**

October 2021 – December 2021; alternative arrangements can be explored with successful candidates. The internship can be prolonged for highly competitive candidates.

**Citizenship:**

Any

**About PRINCEPS Advisory:**

PRINCEPS Advisory is a risk intelligence firm. Based in Prague, we are developing a globally respected and dynamically developing evolving field of risk intelligence, which remains practically unknown in Central Europe. We gather and evaluate information for our clients in high-stakes situations – business, reputation, and human-wise. We want to set the standard of risk intelligence services here in Central Europe – a transparent, professional, and systematic way of working with information. We enjoy our work and keep our feet firmly on the ground. Join us in our quest for excellence.

**How to apply:**
