

## FAQ at the online meetings with the IO FSV UK

### Covid:

Is the PCR test after the arrival in cz free or do I have to pay it?

**IO FSV UK: You have to pay for it. Check the testing points for the prices [here](#). There is a possibility to get tested [here](#) where students of CU have a discount.**

---

Are students arriving from green countries also required to provide a negative PCR-test in order to enter the faculty building?

**IO FSV UK: No, but as you know the regulations change very rapidly, so check [the official website](#) for any updates on the restrictions regularly.**

---

Is it 48h when we get the result or when we actually do the test?

**IO FSV UK: It regards the test. For details please see [here](#).**

---

Where we have to submit the second PCR Test per mail?

**IO FSV UK: Send the test results to [covid-hc@hygpraha.cz](mailto:covid-hc@hygpraha.cz), [your IO coordinators](#). If you are Erasmus+ students you might be asked to send it to the European Office of the Rectorate UK as well ([erasmus@ruk.cuni.cz](mailto:erasmus@ruk.cuni.cz)).**

---

I am a student that arrived yesterday. I have a negative PCR from my country, will I send to the mail of FSV IO? Have I do again the PCR here?

**IO FSV UK: (first part) Send the test results to [covid-hc@hygpraha.cz](mailto:covid-hc@hygpraha.cz), and to [your IO coordinators](#), plus Erasmus + students to European Office of the Rectorate of CU.**

**IO FSV UK: (second part) If you arrived before the 5th February, no second test is needed.**

---

If I arrive with a negative test before the 5th February from a red country should I have to do a second test in Prague? Can I go to the university in order to have my registration with my original test from my country?

**IO FSV UK:**

**1st question: If you arrive before the 5th February then you do not need to do the second test.**

**2nd question: If your test results were negative then yes, also send the result of the test to your IO coordinator in advance.**

---

Where can I find the list of countries associated with their colors?

**IO FSV UK: [the map](#) (as for the 3 February, 2021) [here](#) as of 5 February 2021**

**USA, Mexico will be regarded as high risk countries (dark red group)**

---

If I understood correctly, quarantine in the dorm is 5 days and then we have to do 2nd PCR test. After getting the results of the 2nd PCR test, our quarantine is finished?

**IO FSV UK: Yes, but of course it depends on the result of the second test. If negative, you are free. If positive, you need to stay in quarantine.**

---

Is the second PCR Test required if arrival to CR will be before midnight 04/02/2021?

**IO FSV UK: No, [the new rules](#) are valid from the 5th February, 2021**

---

Why is the quarantine for 5 days, if we make a test the day we come to Prague and get the result in 1 or 2 days?

**IO FSV UK: These are [the restrictions of the Ministry of Interior](#) and we have to follow them. The most strict restrictions relate to “dark red” countries (countries of high risk). Students of the so-called “red” countries are permitted to undergo the PCR test after their arrival, and to stay in the quarantine till they receive a negative result of their test.**

**If you come from a red country, you have to undergo a test within 5 days after your arrival, when you have the result your quarantine is over. If you come from a so-called dark red country, after your arrival you have first to wait five days (in isolation) and then undergo a test. Only when you receive the test results you can end your quarantine.**

---

When we are in Prague are we able to get asymptomatic tests?

**IO FSV UK: Yes, you are.**

---

Please forgive me If I understand the point wrong, that is, just doing the PCR test before arriving is important so no matter its result?

**IO FSV UK: If tested positive, you will not be allowed to board the plane nor cross the borders. In such a case you will arrive later.**

---

My appointment for the PCR test is for this Thursday, and I arrive in Prague on Monday. Do I need to move my appointment to Saturday or Sunday in order for the authorities to let me in, or is Thursday acceptable?

**IO FSV UK: Unfortunately we have to follow the rules, so try to make sure that you do not take the test more than 48 hours prior to your departure.**

---

I will have my PCR test made on the 7th in the morning, and probably have the result in 3/4 days. Can I still go to the meeting at the IO in person on the 9th or 10th, even though I don't have the result yet?

**IO FSV UK: No, please wait for the results of the test. Then send it to [covid-hc@hygp Praha.cz](mailto:covid-hc@hygp Praha.cz), and to [your IO coordinators](#), plus Erasmus + students to European Office of the Rectorate of CU ([erasmus@ruk.cuni.cz](mailto:erasmus@ruk.cuni.cz)). Afterwards we can schedule an appointment to see you and sign the confirmation of stay.**

---

Results of the PCR test in Hungary take two days, so I cannot undergo within 48 hours and also have the result by the time I cross the border.

**IO FSV UK: It is an unfortunate situation. You can receive the results in the Czech Republic within 24 hours. Kindly ask you to double-check if a speedy procedure of results is possible in your home country.**

---

I have the flight on monday 8 at 06.00, so i will do the PCR test on friday 5 morning (the airline requires the test max 72 hours before departure), because if i did it on saturday, i would not have the answer in time to be able to take the plane... How can i do?

**IO FSV UK: As mentioned above, it is an unfortunate situation. Starting February 5, 12 AM, the new regulation in the Czech Republic says that you have to undergo the first PCR test 48 hours prior to your departure. Your airline says differently. We would recommend to double-check if a speedy procedure of results is possible in your home country in order to avoid any difficulties at the Czech borders/Prague airport.**

**IO FSV UK: Please try in [SIS](#)**

**IO FSV UK: The Classes start 15th February, 2021**

---

Will we be able to take some classes at other faculties as well? i.e. the philosophical faculty. Thank you very much

**IO FSV UK: Yes, you can register for courses of other faculties. But there are two things to remember**

**1st) 51% rule – 51% of the courses should be registered at the FSV UK**

**2nd) make sure that the course you want to register for will be taught online for the whole semester (mainly important for the students staying at their country)**

---

I have a question about the 51% rule : if I choose 3 courses from the faculty of social science (with 18 ECTS) and 3 courses from the faculty of humanities (12 ECTS), is this a problem ? Thank you.

**IO FSV UK: No problem.**

---

I know I need to take 51% of my courses from the faculty of social Sciences. Can I take my courses from different departments at the faculty of Social Sciences or do I need to choose the courses from my own Department?

**IO FSV UK: Depending on the programme you are part of (Erasmus+, Erasmus+ ICM ...) Please seek direct information from your IO coordinator.**

---

I already registered for winter semester, do I need to register again ?

**IO FSV UK: If you are referring to course registration then yes, you have to register for the summer semester.**

**If you are referring to CAS, no need as you already have the login data to login in SIS.**

---

In case there are two courses with the same name (for example Introduction to International Political Economy) but with two different codes (for example JTB133 and JMB087) in which one do we have to enrol?

**IO FSV UK: Register for JTB133 - this one is suggested for incoming students**

---

How come methods of teaching may not change during the semester in case it is possible to change to a hybrid method of teaching during the semester from where can we find registration video?

**IO FSV UK: It is difficult to change the method of teaching during the semester. Our teachers are doing their best to deliver the courses to you in the best possible way and give every student the same conditions.**

---

So, just to approve that I understand it right, the whole summer semester will be only online, right?

**IO FSV UK: Yes, the whole summer semester will be taught online. This is valid for the Faculty of Social Sciences CU, solely. If you wish to study courses of other faculties see the website of the particular faculty for precise information.**

---

Hi. I did not receive a confirmation email about the payment for the dorms yet. Is not in SPAM either. I have already wrote an email. How can I know if everything is okay with the payment?

**IO FSV UK: The confirmation email does not come automatically. Always contact the dorms to get the confirmation.**

---

## **Other:**

And one more question, if I decide not to come to Prague due to the pandemic situation, will I have a scholarship anyway or I can receive it only if I come to Prague?

---

Can you sign the certificate of arrivals without me being in Prague? My home university wants the COA although I will be staying in my home country for a bit and maybe coming to Prague later

**IO FSV UK: In this case we will issue you a confirmation of online stay and later when you arrive in Prague, we will sign you another confirmation of stay (stating that your mobility is blended, online ....., in Prague.....)**

---

Do we have to go to foreign police or can we do our registration online? (As we are staying for more than 90 days). Thanks!

**IO FSV UK: If staying at the UK dormitories, the dormitory officials do it for you. If staying in private accommodation you have to do it yourself and unfortunately it is not possible to do it online.**

---

What if at the end of my mobility (June) I didn't manage to pass all exams on the Learning Agreement? Maybe ending it with a number of credits that is below the minimum required?  
**IO FSV UK: You might be marked with --- (incomplete) or if you fail the test/exam... you get F. To end with a lower number of ECTS could make mainly a problem at your home university, please ask them as well.**

---

Last semester FSV sent out a letter to the students permitting them to leave the country because it was confirmed that courses would continue to be online for the rest of the semester. When will we receive notice of this for this semester?

**IO FSV UK: As we have already announced this Summer Semester will be online, so there is no need to send such a letter. Keep in mind that this regards solely Faculty of Social Sciences Charles University.**
