

## **COVID**

Hello, we have set an appointment for the Covid Test. When we get the confirmation for the date?

**IO FSV UK: Unfortunately, this question cannot be answered by the FSV International Office, as we are not in charge of processing it. If you refer to the appointment which was set up by the Rectorate of Charles University (for Erasmus+ and Erasmus+ ICM program students), please, contact [erasmus@ruk.cuni.cz](mailto:erasmus@ruk.cuni.cz).**

---

Hello, I don't have understand one thing about the Covid test. Can I take the PCR test in Prague within 5 days from my arrive?

**IO FSV UK: It depends on which country you come from. If you come from the so-called "red" country, you may undergo the PCR test after your arrival. If you come from the so-called "dark red" country (higher risk), it is obliged to stay isolated for a period of 5 days and after you may take the PCR test.**

---

## **COURSES**

Good Morning everyone! I did request for validation, is it a problem?

**IO FSV UK: No, not at all.**

---

Do a lot of courses have mandatory attendance? Just wondering since two courses I would like to take have lectures at the same time.

**IO FSV UK: It depends on the particular course. Please, talk to the professor of the relevant course.**

---

Do you know the date that the faculty of science registration opens?

**IO FSV UK: The registration opens on 8th February.**

---

How do we get access to the moodle pages of the courses we have enrolled in?

**IO FSV UK: Please, look into SIS, syllabus of the course if not the professor usually sends the link before the first lesson. If you do not receive anything, email the professor and ask.**

---

I enrolled in some courses on Saturday, but I am still in a waiting list for some of them. Courses start next week. If I have not yet been accepted for a particular course, can I still attend it even though I am still in a waiting list?

**IO FSV UK: Unfortunately not. But email the professor and explain the situation.**

---

Hello, I would like to ask if I can enroll for course Francouzstina? I am from Slovakia so language won't be problem

**IO FSV UK: Please, email the professor and let us know if she agrees but you cannot still register.**

---

Could we also just drop out of a course during the semester? Because I registered for a Master Course - and I wanted to see if it's too advanced for me or not.

**IO FSV UK: For dropping or adding you have following two weeks until 28th February, 2021. Please try to decide during this time.**

---

Do we need to setup our enrollment in any specific way for online courses, versus attendance in person? I wouldn't like to make a mistake! =)

**IO FSV UK: No, not needed.**

---

My enrollment page is still blank. Is this working as it should?

**IO FSV UK: It just means that you have not registered for any course yet. The course registration at FSV UK ends 28th February, 2021.**

---

If I have done preliminary registration for a course, then I should be able to attend it?

**IO FSV UK: Yes, then you are all set to start the semester.**

---

If I'm starting this semester online, and plan to arrive in Prague in march, is it possible to meet in person (if possible) for the classes that we now register for as «online»?

**IO FSV UK: It depends on the pandemic situation in the Czech Republic and the restrictions connected to it. Hopefully, later in the semester some courses may have a hybrid form (both online and face-to-face), thus you will have the opportunity to join the class on site. However, it is difficult to predict at this moment.**

---

Are the Czech language courses (JLB102 for example), able to be taken by bachelor degree seeking students? I took JLB102 in the first semester but have yet to receive clarification by my professor on whether my grade will contribute to my overall % grade across all subjects. I was unsure when I received a letter grade rather than a specific %.

**IO FSV UK: Yes, all exchange students are welcome to sign for our Czech language courses.**

**The grade will always be a letter grade. If you wish to get also the %, talk to the teacher.**

---

## **OTHER**

Hello, I was wondering, whether I need to get the confirmation of arrival as well even though I am now passing my second semester here ?

**IO FSV UK: Please, talk to your home university. There is no problem from the side of the Faculty of Social Sciences to confirm the start date of the second “summer” semester.**

---

Hello i am here from winter semester and want to extend for summer semester. I received email that need to meet you personal. Could you tell me more detail?

**IO FSV UK: IO coordinator will contact you and will schedule an appointment with you.**

---

On my learning agreement I put a course that was approved by my home university but when I tried to register I found out that it wasn't available for exchange students so I registered for another class. Do I have to do anything with Charles University to get approved in anyway or is it just a matter for my home University to re-approve my course choice for my learning agreement?

**IO FSV UK: Please, keep in mind that at least 51% of credits of your courses must be taken at the Faculty of Social Sciences. That is our condition and if you meet it, you will receive our approval. However, if you change/add/drop**

courses during the period of online course registration, and the final list is totally different from the original LA, there is no issue from our side. You need to receive the approval of your home university that they agree on.

---

Could you explain where exactly we can find the e-mail Adresse in SIS. I did not find it

**IO FSV UK: there is no faculty email address for our exchange students. But the professors are able to send you an email to SIS. Please find the emails in SIS - module Personal Data - Email. We suggest you check this SIS email box regularly.**

The screenshot shows the 'Personal data' interface (version 732) with a navigation bar at the top containing 'Inbox', 'Sent', and 'New message'. Below the navigation bar is a search filter section with the following elements:

- Filter:** A dropdown menu for 'E-mail'.
- Emails from:** A text input field with a calendar icon and a placeholder '[dd.mm.yyyy]'.
- to:** A text input field with a calendar icon and a placeholder '[dd.mm.yyyy]'.
- Search:** Three radio button options: 'recent emails' (selected), 'recent and archived', and 'archived only'.
- Display:** A dropdown menu set to '20' with the text 'results per page'.
- Show:** An orange button with a right-pointing arrow.

Below the search section is a table header with columns: 'Subject', 'From', 'To', and 'Created'. Below the header, the text '\* no data found' is displayed.

Are all the rules for Ceepus and Erasmus students basically completely the same? Or we should take care about some differences?

**IO FSV UK: Contact your IO coordinator for all the detailed information. The differences may consist in scholarships/required credits/confirmation of stay. It should not apply to course registration.**

---
