CALL FOR APPLICATION THINK.BDPST YOUNG LEADERS' FORUM BUDAPEST, 2-5 APRIL, 2019

The Antall József Knowledge Centre (AJKC) is organizing the 4th Young Leaders' Forum (YLF) of think.BDPST, Hungary's strategic conference on regional development and the perspectives of research, innovation, and future technologies, to be held on 2-5 April 2019. Young professionals (aged 24-38) ready to shape the future in the field of innovation are welcome to apply. YLF connects experts from the fields of social sciences, engineering, and natural sciences to create a bridge between these fields and help young decision makers to make their innovations more effective.

The programme of YLF 2019 focuses on issues connected to smart societies. There are two main topics to be discussed in different formats during the forum:

- Innovation in the housing system
- The effects of cyber developments and digitalisation on democratic political systems.

During the Forum, participants will have the opportunity to:

- Exchange ideas
- Improve their leadership potential
- Discuss innovative initiatives
- Learn new skills to become more competitive in their respective fields
- Earn a scholarship to the event

Application requirements:

To be considered for this program, interested parties should submit the following materials:

- Current CV (uploaded in PDF format, including the applicant's age)
- Online application form

Scholarships available for participants coming from the V4, EU, Eastern Partnership and Western Balkan countries. For further details, please consult our [website](#).

Deadline for application: **25 January 2019, midnight CET**

Application is available [here](#).

For further information please contact: ylf@think.bdpst.org

Accommodation with breakfast, lunch and travel are covered by AJKC for V4, CEI region, and EU 28 participants, for all other countries, only accommodation with breakfast and lunch are covered.
